Tribute Signs uses this product in the resale of graphics. The information within this document is provided by the manufacturer/distributor of this product. Tribute Signs does not accept responsibility for the following information to be accurate.

PART I GENERAL

1.01 Manufacturer's general description:

Decorative Films, LLC SOLYXÒ Decorative Privacy glass films are recommended for application to interior glass and exterior glass (inside surface). These films are made of durable Polyester and PVC with a decorative embossed or printed matte surface, perfect for privacy, decorative or architectural applications. The total nominal thickness is between 3.0 and 4.0 mils, depending on the type of film. These films are manufactured with a silicone liner, which protects the clear pressure-sensitive adhesive, and is applied using the same tools and techniques for applying solar control window films

1.02 Samples submitted upon request.

1.03 Films are available in rolls 100Ft x 48" and 60" wide

2.00 PART II PRODUCTS
